Yogyakarta, Indonesia

I am a 7th semester Information Systems student at Amikom University Yogyakarta with interest and experience in Android application development. As a Mobile Development Mentee at Infinite Learning and participant of Bangkit Academy by Google, GOTO, Traveloka for Android Developer, I have honed my skills in application development. I am committed to continue learning and developing to become a highly competitive professional in the field of mobile development.

Experience

Mentee Andorid Developer (Infinite Learning)

Feb 2024 - Jun 2024

Internship

- Participated in a micro-project by creating an innovative Food Stock app design, which is a platform for buying and selling groceries and food.
- Participated in a group project by creating the Cocktails App, an app that displays a menu catalog.
- Participated in major projects as a mobile app developer. Created Batik Pedia, a batik catalog and batik identification app using a camera.
- Create an API service using node js for the Batik Pedia platform.

Cohort Android Developer (Bangkit Academy by Google, GOTO, Traveloka)

Aug 2023 - Des 2023
